A dog found to have been exhibited in breach of these Regulations will automatically be disqualified from exhibition at the show and from any award gained thereat.

No substance which alters the natural colour of any external part of the dog may be present on the dog for any purpose at any time during the show.

(b) Any other substance (other than water) which may be used in the preparation of a dog for exhibition must not be allowed to remain in the coat or on any other part of the dog at the time of exhibition.

3. No act or operation which alters the natural conformation of a dog or any part thereof may be performed except: -

(a) Operations certified to the satisfaction of the Board.

(b) The removal of dew claws of any breed.

(c) Operations to prevent breeding provided that such operations are notified to The Kennel Club before neutered dogs are shown. Nor must anything be done calculated to in the opinion of the Board to deceive.

4. The Board without previous notice may order an examination of any dog or dogs at any show. Any examination thus ordered will be made by a person having executive authority who shall have a written directive from The Kennel Club in their possession. Samples may be taken for further examination and analysis.

**Your dog is vulnerable and AT RISK if left in a vehicle in high temperatures and even on days considered as slightly warm. If your dog is found to be at risk, forcible entry to your vehicle may be necessary without liability for any damage caused.**

### •Use of Electrical Equipment at Shows •

The Kennel Club is becoming increasingly concerned at the amount of electrical equipment being used by exhibitors at shows, including hair dryers and hair straighteners and other grooming devices.

Electrical equipment should not be brought to shows unless necessary. In rare instances where it might be required, it should be PAT tested and permission sought from the secretary of the show before it is used.

The Kennel Club has also been informed of recent instances of exhibitors commandeering certain areas of a venue to have access to PowerPoints to use electrical grooming equipment. This is totally unacceptable and particularly unfair on the breeds whose allocated areas have been cramped because of this selfish behaviour.

### •Security at Shows •

Considering recent events The Kennel Club would like to issue a reminder to all Societies of the importance of security at dog shows. The Kennel Club understands that due to the nature of dog shows and the quantity of paraphernalia exhibitors bring it would be extremely difficult for show organisers to take on the issue of security alone, therefore we would reiterate the advice being given by the Police and security services, that everyone in the UK should remain vigilant and this applies to those organising and taking part in dog shows. The importance of exhibitors feeling that they and their dogs are safe when attending a show cannot be underestimated. We would therefore remind you of the importance of the need for show organisers and exhibitors to remain mindful of potential dangers and that all visitors generally need to be vigilant and alert. Furthermore, the society should provide robust notification informing exhibitors of where to report to should they see anything suspicious or of concern, and of the evacuation procedures in place.
